

ORGANIZERS

University of Information
Technology and Management
in Rzeszow (UITM)

Gdansk University of
Technology (GUT)

TECHNICAL SPONSORS

IEEE Electronic Society, and TC
on Industrial Informatics and
Human Factors

Honorary Chairs:

Henryk Krawczyk GUT (Poland)
Tadeusz Pomianek UITM (Poland)
Zdzislaw Hippe UITM (Poland)

General Chairs:

Jerzy Wtorek (Poland)
Luis Gomes (Portugal)
Bogdan Wilamowski (USA)

Technical Program Committee:

Tomasz Pardela (Poland) Chair
Giancarlo Iannizzotto (Italy) Co-
Chair
Hideyuki Sawada (Japan) Co-Chair
Stanislaw Paszczynski (Poland)
Co-Chair
Piotr Augustyniak (Poland)
Lucia Lo Bello (Italy)
Dietmar Bruckner (Germany)
Adam Bujnowski (Poland)
Elizabeth Chang (Australia)
Ahmad Ibrahim (Kanada)
Achim Karduck (Germany)
Juliusz L. Kulikowski (Poland)
Marek Kurzyński (Poland)
Alexander Malinowski (USA)
Milos Manic (USA)
Kouhei Ohnishi (Japan)
Marek Pałasiński (Poland)
Pere Ponsa (Spain)
Jacek Rumiński (Poland)
Juan J. Rodriguez-Andina (Spain)
Ronald Schoop (Germany)
Jan Wójcicki (Poland)
Xinghuo Yu (Australia)

Special Session Chairs:

Marek Pałasiński (Poland)
Piotr Augustyniak (Poland)

International Steering Committee:

Dietmar Dietrich (Austria)
Seiji Hata (Japan)
Orazio Mirabella (Italy)
Kouhei Ohnishi (Japan)
J. David Irwin (USA)
Elizabeth Chang (Australia)
Imre Rudas (Hungary)
Bogdan Wilamowski (USA)
(pending)

ABOUT HSI CONFERENCE SERIES

Rapid changes of information technologies lead to boosting the strength and efficiency of human activity. These technologies have an influence on every particular area of human life, including education, science, business, leisure time, entertainment, state administration, health care. Human life is greatly dependent on these systems' efficiency and performance. HSI conference has been prepared as a platform for exchanging ideas, knowledge, skills and experiences in interactions between man and these systems. HSI conference series has become the most important international conference in the field of Human System Interactions, human system science and engineering, human factors in large complex systems, human space computing and cyberphysical systems, human environment interactions, and social-technical systems. HSI 2013 is technically sponsored by IEEE Industrial Electronic Society, IEEE-IES Technical Committee on Industrial Informatics and IEEE-IES Technical Committee on Human Factors. This international conference in Human System Interactions will be held in Gdańsk and Sopot, Northern Poland from 6 to 8 June, 2013. The conference covers theory, design and application of human-system interactions in the areas of science, education, business, industry, services, humanity, environment, health, and government. Aside from the regular presentations, the conference will include keynote addresses with speakers from both industry and academia, and expects to attract 400 participants. Prospective authors are invited to submit papers in any of topics listed below:

- Artificial Intelligence
- Human Machine Interaction
- Education and Training
- Cyber Security in HSI
- Sociological and Psychological aspects of HSI
- Cyber Physical Systems
- Human Space Computing
- Internet of Things and Smart Homes
- Health Care and Assistive Devices
- Extreme Interfaces
- Humanity in Wireless Mesh Network
- Vehicular System
- Multimedia Human Communication
- Personal Communication System
- Personal Mobile Ad-hoc System
- Wearable Network and System
- Network Control and Management
- Security, Privacy and Trust
- Human Dependable System
- Multi-agent System and Applications
- Student Forum
- Industry Experience Reports

SPECIAL SESSIONS

Aside aforementioned topics special sessions are also forecasted. We are cordially invite to organize special session. Details can be found on conference web-page.

PAPER SUBMISSION GUIDELINES

Submit a full paper with 8 pages (IEEE Computer Society Proceedings Manuscripts style: two columns, single-spaced), including figures and references, using a font size 10, and number each page. You can confirm the IEEE Computer Society Proceedings Author Guidelines at

<http://www.computer.org/portal/web/cscps/submission>

For more information on HSI 2013 submission please visit

<http://hsi.wsiz.rzeszow.pl>

CONFERENCE & POST CONFERENCE PUBLICATIONS

All papers presented during the conference will be published in IEEE Xplore. Moreover, the Authors of selected papers will be asked to prepare extended versions of them and they will be published, according to their contents, in the following journals available on JCR list:

- Biocybernetics and Biomedical Engineering,
- Metrology and Measurement Systems,

after undergoing reviewing procedures. Traditionally, a publication of selected papers in the form of sections in the book series "Advances in Intelligent and Soft Computing" published by Springer is also planned.

IMPORTANT DATES

Special session proposal deadline	December 1, 2012
Full paper submission	January 15, 2013
Notification of acceptance	March 28, 2013
Registration and fee due	April 30, 2013
Final paper submission	April 30, 2013
Conference time	June 06-08, 2013

CONFERENCE VENUE

The HSI 2013 conference will
be held in the Haffner Hotel in
Sopot:

J. J. Haffnera 59, 81-715 Sopot
tel. +48 58 55 09 999 , fax. +48
58 55 09 800

e-mail: office@hotelhaffner.pl
<http://www.hotelhaffner.pl>

We are pleased to host the 6th International Conference on Human System Interaction (HSI 2013) in Gdańsk and Sopot, Northern Poland. **Gdańsk** is a Polish city on the Baltic coast, the capital of the Pomeranian Voivodeship, Poland's principal seaport and the center of the country's fourth-largest metropolitan area. The city lies on the southern edge of Gdańsk Bay (of the Baltic Sea), in a conurbation with the city of Gdynia, spa town of Sopot, and suburban communities, which together form a metropolitan area called the Tricity (Trójmiasto), with a population near 740,000. Gdańsk itself has a population of 455,830, making it the largest city in the Pomerania region of Northern Poland. The city was the birthplace of the Solidarity movement which, under the leadership of political activist Lech Wałęsa, played a major role in bringing an end to Communist rule across Central Europe.

Sopot is a seaside town in Eastern Pomerania on the southern coast of the Baltic Sea in northern Poland, with a population of approximately 40,000. Sopot is a major health-spa and tourist resort destination. It has the longest wooden pier in Europe, at 515.5 metres, stretching out into the Bay of Gdańsk. The city is also famous for its Sopot International Song Festival, the largest such event in Europe after the Eurovision Song Contest. Among its other attractions is a fountain of bromide spring water, known as the "inhalation mushroom".

The four-star **Haffner Hotel** is located in the centre of **Sopot** and close to the beach, only 15 km away from the **Gdańsk Lech Wałęsa Airport (GDN)** and 17 km away from the historic **Old Town district of Gdańsk**. The Haffner Hotel offers 100 rooms and 6 apartments with free Internet access. The guests can visit swimming pool, a stylish spa with an extensive range of treatments and therapies, or state-of-the-art, fully equipped conference centre.

Other advantages of the Haffner Hotel are:

- The restaurant where the rich variety of tastes and aromas of the Mediterranean cuisine meets with the traditional Polish dishes,
- The pub where exquisite American dishes are served in a relaxed atmosphere,
- The café serving cakes and pastries made at the hotel bakery,
- A play room for our youngest guests,

A guarded car park and underground garage.
