

<b>HSI 2013 Conference Programme</b>			
	<b>1st Conference room</b>	<b>2nd Conference room</b>	<b>3rd Conference room</b>
<b>6.06.2013</b>			
9.00 - 9.15	<b>Opening ceremony</b>		
9.15 - 10.00	Keynote lecture: Dr. Ing. habil. R Schoop, <i>First steps and challenges for „Googling the factory” – how new technologies arrive at industrial applications</i>		
10.00 - 10.45	Keynote lecture: Prof. A Materka, <i>High-speed noninvasive brain-computer interfaces</i>		
10.45 - 11.00	Coffe break		
11.00 - 11.15	Artificial intelligence	Human machine interaction	Education and training
11.15 - 11.30			
11.30 - 11.45			
11.45 - 12.00			
12.00 - 12.15			
12.15 - 13.15	Lunch		
13.15 - 13.30	Artificial intelligence	Human machine interaction	Telemedicine and health
13.30 - 13.45			
13.45 - 14.00			Special session : Electronic systems aiding the blind in mobility and travel
14.00 - 14.15			
14.15 - 14.30			
14.30 - 14.45			
14.45 - 15.00			
15.00 - 15.15			Special session: Intelligent user interfaces for healthcare applications
15.15 - 15.30			
15.30 - 18.00			
18.00 - 22.00	<b>Welcome Party</b>		
<b>7.06.2013</b>			
9.00 - 9.45	Keynote lecture: Prof. Jerzy W Grzymala-Busse, <i>Generalized probabilistic approximations</i>		
9.45 - 10.15	Coffe break		
10.15 - 10.30	Artificial intelligence	Human machine interaction	Special session: Measuring and understanding biosignal
10.30 - 10.45			
10.45 - 11.00			
11.00 - 11.15			
11.15 - 11.30			
11.30 - 11.45			
11.45 - 12.00			Special session: Affective computing
12.00 - 13.00			Lunch
13.00 - 13.15	Artificial intelligence	Human machine interaction	Special session: Affective computing
13.15 - 13.30			
13.30 - 13.45			
13.45 - 14.00			
14.00 - 14.15			Special session: Technologies enhancing wellbeing for older people
14.15 - 14.30			
14.30 - 14.45			
14.45 - 15.00			
15.00 - 15.15			Sociological and psychological aspects of HSI
15.15 - 19.00			
19.00 - 21.00	<b>Gala Diner</b>		
<b>8.06.2013</b>			
9.00 - 9.45	Keynote lecture: Prof. K Krzysztofek, <i>The human-machine interaction as seen from the humanist and trans-humanist perspective: an approach to socio-technology</i>		
9.45 - 10.15	Coffe break		
10.15 - 10.30	Special session: Vision-based ambient intelligence for mobile agents	Human machine interaction	Special session: Technologies enhancing wellbeing for older people
10.30 - 10.45			
10.45 - 11.00			
11.00 - 11.15			
11.15 - 11.30			
11.30 - 11.45			
11.45 - 12.00			
12.15 - 13.00	Keynote lecture: prof. A Czyżewski, <i>Multimodal human-computer interfaces based on advanced video and audio analysis</i>		
13.00 - 13.30	Poster Session		
13.30 - 13.45	<b>Closing of the Conference</b>		
13.45	Lunch
